Lee Yee Chong	Technical analyst	Present for items 1 – 5 and part of item 6
Tamara Diaz	Project manager	Present for items 1 – 6

Apologies:	
Nam Hunger-Nguyen	Committee member
Kay Morgan	Committee member

1. Welcome and objectives for the meeting

The Chair welcomed the Committee members and attendees to the 21st Osteoporosis guideline committee meeting.

The Chair informed the Committee that apologies had been received. These are noted above.

The Chair outlined the objectives of this two-day meeting: to finalize recommendations and prepare for public consultation in the new year.

2. Confirmation of matter under discussion, and declarations of interest

The Chair confirmed that, for the purpose of managing conflicts of interest, the matter under discussion is stated above in item 1. The Chair asked everyone to verbally declare any interests that had arisen since the last meeting. There were no new declarations.

The Chair, and a senior member of the Developer's team noted that previous declarations would not require committee exclusions from this meeting.

3. Minutes of last meeting

Minutes of meetings 19 (30 September 2025) and 20 (07 October 2025) were agreed as an accurate record.

4. Introduction of NICE MTA observers and process alignment

NICE staff explained how guideline and MTA processes will align, ensuring clinical input informs treatment appraisals and preventing silos.

5. Review of draft recommendations for public consultation

The committee reviewed the draft additional treatment-criteria recommendations, focusing on ensuring the proposed groups were clinically appropriate and clear. Members discussed how major osteoporotic fracture risk should guide decisions, the suitability of including groups such as those with prior fractures, low BMD, accelerated bone-loss conditions, and specific medication-related risks, and how these definitions would support both the guideline and the associated MTA.

6. AOB

There being no further business the meeting ended at 4:00 p.m.

Date of next meeting: GC 22
05 November 2025

Location of next meeting: Zoom
