

Osteoporosis: risk assessment, treatment and prevention of fragility fractures (update)

Guideline Committee Interests Register

Register last updated: January 2026

Name	Role with NICE	Type of interest	Description of interest	Interest arose	Interest declared	Interest ceased	Comments
Dr Alison Tedstone	Chair (up to 31 st December 2024)	Direct, non-financial professional and personal interests	I was interviewed for the paper on the Scientific Advisory Committee on Nutrition https://www.bmj.com/content/386/bmj.q1909 I am quoted several times and appear in a video embedded in paper BMJ website. The paper is about potential conflicts of interest of committee members, specific to nutrition. It has no direct relevance to NICE	12/9/24	16/09/24	31/12/24	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Margaret Lally	Chair (from 1 st January 2025)	Direct, non-financial professional and personal interests	Trustee of the Social Care Institute for Excellence with a focus primary on social care.		28/11/24	Ongoing	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.

Dr Nicola Peel	Topic advisor	Direct financial interest	Consultant in Metabolic Bone Medicine, Sheffield Teaching Hospitals NHS Foundation Trust	2000	02/02/23	05/04/24	Declare and participate. Rationale: Salaried employment in the NHS.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Sheffield Teaching Hospitals NHS Foundation Trust are giving me a letter of authority enabling me to attend relevant departmental clinical and x-ray meetings to support my CPD and the Trust will remain my designated body for GMC registration purposes. This means I will continue to undertake annual appraisal to confirm my fitness to practice within the remaining aspects of clinical work I undertake. This will be on a voluntary basis and there will be no remuneration.	April 2024	24/01/24		Declare and participate. Rationale: interest is non-specific to the scope of the guideline. Involved in general discussions about clinical and xray meetings.
Dr Nicola Peel	Topic advisor	Direct financial interest	Consultancy fee for participation in health economics workshop – Genomics plc and ScHARR	25/05/22	02/02/23	25/05/22	Declare and participate. Rationale: This is a financial interest but it is non-specific to the scope of the guideline.

Dr Nicola Peel	Topic advisor	Direct financial interest	Lecture fee from University of Derby to deliver annual teaching session on DXA reporting and relates to how to interpret case studies. The course is currently on hold and the last lecture was held 02/02/22. Due to restart Jan 2024 and will be delivering teaching session on 31.01.24.	2012	02/02/23	NA	Declare and participate. Rationale: This is a financial interest but DXA reporting and interpretation of case studies are not covered in the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct financial interest	Honoraria to teach on the annual 3 day Bone Research Society (BRS) Oxford Clinical Training Course in Osteoporosis and other Metabolic Bone Diseases. Covers all aspects of osteoporosis and other common bone diseases. I stepped down from the faculty after the 2022 course.	2016	02/02/23	Mar 2022	Declare and participate. Rationale: This is a financial interest but teaching on current practice in osteoporosis is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Visiting Professor, University of Derby	2018	02/02/23	Ongoing	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.

Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Trustee of the Royal Osteoporosis Society	Jul 2019	02/02/23	NA	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Chair of the Clinical Committee of the Royal Osteoporosis Society (Clinical and Research Committee from November 2022)	Dec 2019	02/02/23	May 2024	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Participant in NHS England Osteoporosis, Falls and Fragility Fracture working group	2022	02/02/23	NA	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Chair, Trial Steering Committee for BLAST OFF study, University of Nottingham (https://www.nuh.nhs.uk/blastoff). Qualitative study to compare different bisphosphonate regimes in clinical practice. Was due to end 2021 but delayed due to	2019	02/02/23	2022	Declare and participate. Rationale: Specific. Person not involved in study analysis or

			pandemic. The analysis is ongoing.				as an author on the report.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Scientific Advisor to iFRAP study (University of Keele). iFraP is a study to develop and test a computerised decision support tool, training package, and other resources to support communication about osteoporosis medicines, in the clinical consultation.	2019	02/02/23	Ongoing	Declare and participate. Rationale: interest is non-specific, the guideline scope is not covering the use of computerised decision support tools.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Peer Reviewer for National Osteoporosis Guideline Group (NOGG) Clinical Guideline (update) 2021	2021	02/02/23	2021	Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	I have given presentations and contributed to publications (research papers, review articles and results of service evaluations) on the use of bone turnover markers to monitor osteoporosis treatment. (eg. European Journal of Endocrinology, 178(1), R19-R31. doi:10.1530/EJE-17-0585;	1998	08/06/23		Declare and participate. Rationale: specific. Review of current evidence around bone turnover markers.

			Bone 2022 May;158:116347. doi: 10.1016/j.bone.2022.116347) I have previously contributed to research in this area for which colleagues in the academic unit (but not myself) have received funding				
Dr Nicola Peel	Topic advisor	Direct financial interest	Provision of advice and support for clinical colleague working in another NHS Trust who is delivering the osteoporosis service to cover long-term sickness absence (1.5 PA per month, reimbursed via SLA).	Aug 2023	08/11/23	Jan 2024	Declare and participate. Rationale: Salaried employment in the NHS.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Delivered lecture / workshop related to osteoporosis on 'The importance of vertebral fractures in older people: Identification and assessment' at the European Geriatric Medicine Society conference, September 2022.	Sep 2022	08/11/23		Declare and participate. Rationale: specific. Talk based on current evidence, guidelines and practice.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Delivered lecture / workshop related to osteoporosis on 'When to stop and when to switch? – Length of treatment and treatment failure' at the British Society for Rheumatology conference, Nov 2022.	Nov 2022	08/11/23		Declare and participate. Rationale: specific. Talk based on current evidence,

							guidelines and practice.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Delivered lecture / workshop related to osteoporosis on 'Bone health essentials: Understanding BMD and DXA measurements' at the Royal Osteoporosis Society Conference, September 2023.	Sep 2023	08/11/23		Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Delivered lecture / workshop related to osteoporosis on 'Understanding DXA measurements' at the British Geriatric Society Autumn Conference, Nov 2023.	Nov 2023	08/11/23		Declare and participate. Rationale: interest is non-specific to the scope of the guideline.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Supporting the Royal Osteoporosis Society's Public Affairs work, on 'Better Bones Campaign. My role is very much as clinical advisor, so making sure that everyone around the table has an accurate understanding of osteoporosis as a condition, how it's diagnosed and managed and how service is delivered. I ensure this understanding is in line with current guidelines, evidence base and licensed indications.	October 2023	08/11/23		Declare and participate. Rationale: interest is non-specific to the scope of the guideline. Advises on current evidence and practice and does not make decisions about

			As part of this work I have attended and contributed to discussions with staff in NHSE and DHSC – providing clinical information and context.				final policy or publications.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Clowes, J.A.; Peel, N.F.A.; Eastell, R.; The impact of monitoring on adherence and persistence with antiresorptive treatment for postmenopausal osteoporosis: A randomized controlled trial; Journal of Clinical Endocrinology and Metabolism; 2004; vol. 89 (no. 3); 1117-1123	March 2004	20/05/24		Specific, partial exclusion Nicola Peel, Topic Advisor, was excluded from recommendation drafting on follow up for people on treatment at committee meeting 14 on 28 January 2025 at 11:00 due to the declared conflict of interest, in line with NICE's policy.
Dr Nicola Peel	Topic advisor	Direct, non-financial professional and personal interests	Mattia L, Davis S, Mark-Wagstaff C, Abrahamsen B, Peel N, Eastell R, Schini M. Utility of PINP to monitor osteoporosis treatment in primary care, the POSE study (PINP and Osteoporosis in Sheffield Evaluation). Bone. 2022 May;158:116347. doi:	May 2022	20/05/24		Specific, partial exclusion Nicola Peel, Topic Advisor, was excluded from recommendation

Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct, non-financial professional and personal interests	Health Education England (SW) member of the Education Advisory group	January 2021	April 2023	Ongoing	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Husband – shares in GSK (<£1k)	May 2020	April 2023	Ongoing	Declare and participate. Rationale: Interest is non-specific, GSK does not produce osteoporosis medicines.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Research grant from Royal Osteoporosis Society for research into DXA reporting (co-applicant) ~£65k.	January 2021	April 2023	Ongoing	Declare and participate. Rationale: Interest is non-specific to the

							scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Research grant from Royal Osteoporosis Society for research into an activity app for bone health (Co-app) ~£10k	January 2021	April 2023	Oct 2022	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Research grant from Animal Free Research to explore compounds for early osteoarthritis treatment (Co-app) ~£180k	January 2023	April 2023	January 2025	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Research grant from Gilead for a feasibility study into a treatment for Long Covid ~ £1.25M (Co-app)	Dec 2022	April 2023	September 2024	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Invited speaker at Osteoporosis conference, September. Registration and standard accommodation funded. Speaking	Sept 2023	April 2023	Sept 2023	Declare and participate. Rationale: Interest is non-specific to the

			on advanced and consultant practice in osteoporosis care.				scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Invited speaker at African Radiology Society Conference June 2024. Conference funding registration and standard accommodation. Flights paid by University of Exeter. Two presentations: one on imaging in obesity and impacts on radiation dose; the other on virtual grids and radiation dose reduction.	June 2023	April 2023	June 2023	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct, non-financial professional and personal interests	Presented at the APPG on Osteoporosis and Bone Health: DXA (Bone Density Scanning) Workforce, Infrastructure and Quality Hearing. No payment	May 2023	June 2023		Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct, non-financial professional and personal interests	Online presentation on DXA scans - best practice update on technical points on how to optimise scanning and how to report results. MA Healthcare National Conference Osteoporosis 2023. No payment	May 2023	June 2023		Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Indirect financial interest	Awarded Innovate UK grant in partnership with Adaptix to develop dual energy x-ray digital	Jul 2023	June 2023	Ongoing (June 2025)	Declare and participate.

Osteoporosis: risk assessment, treatment and prevention of fragility fractures (update)

– interests register

			tomosynthesis. July 2023 – June 2025				Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Three conference workshops presented as an invited speaker and funding for ROS conference, including hotel.	13/09/23	12/10/23	14/09/23	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct, non-financial professional and personal interests	Senate member elected to Council for the University of Exeter.	11/10/23	12/10/23	Sept 2026	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Presentations on emerging technologies for the diagnosis of osteoporosis and on scatter correction software in projection radiography at the 2 nd Radiology Conference of the Ministry of Health and Population, Cairo, Egypt. Flights and accommodation funded by conference.	01/11/23	22/11/23	02/11/23	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.

Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Co-editor of Person-Centered care in Radiology	Mar 2023	22/11/23	Ongoing	Declare and participate. Rationale: Interest is financial interest but non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct non-financial professional and personal interests	Book chapter on Person-centred care in DXA and secondary fracture prevention – co-author with Jill Griffin in Person-centred care in Radiology: International Perspectives on High Quality Care CRS Press	Feb 2024	26/03/24	Ongoing	Declare and participate. Rationale: This is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Part funded to attend the European Congress of Radiology in Vienna Feb / Mar 2024 (conference fees plus partial expenses) as an invited speaker for a talk on the complex interventions framework.	Feb 2024	26/03/24	Mar 2024	Declare and participate. Rationale: This is a financial interest covering reasonable travel, accommodation and attendance costs and topic is non-specific to the scope of the guideline.

Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	In contract as co-editor of a textbook on Artificial Intelligence for Radiographers. Christina Malamateniou, Aarthi Ramlaul, Karen Knapp and Maryann Hardy. Primarily radiography but may contain some information on vertebral fracture prediction. Karen Knapp is not the author of the chapter, which could include this. Update 2025: This is a genetic AI in radiography book and not focused on osteoporosis and has a single case study relating to vertebral fracture assessment in CT, which is based on cervical spine fractures.	Oct 2023 – publication date due in 2025	12/6/24	Ongoing	Declare and participate. Rationale: At the time of public consultation, this material was not in the public domain as it had not yet been published. Additionally, the subject that will be covered in the textbook does not present a conflict with the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	DXA reporting radiographer for InHealth	Feb 2021	26/03/25	August 2024	Declare and participate. Rationale: Salaried employment in a commercial organisation providing NHS services.
Prof Karen Knapp	Diagnostic Radiographer	Direct financial interest	Partial funding to attend European Congress of Radiology as an invited speaker. Travel and	Feb 2025	26/03/25	March 2025	Declare and participate.

			accommodation paid for in line with NICE policy. Sessions: We've travelled the road before: ask me anything about my successful research career (moderator) Promoting compassionate care education and training in radiography (invited presentation) Effective writing and publishing in Radiography (invited presentation) Advancing radiography: impact, innovation and integrated healthcare (moderator)				Rationale: This is a financial interest covering reasonable travel, accommodation and attendance costs and topic is non-specific to the scope of the guideline.
Prof Karen Knapp	Diagnostic Radiographer	Direct, non-Financial	Currently supervising a PhD student researching vertebral fractures.	Sept 2025	30/09/25	Ongoing	Declare and participate Rationale: interest is non-specific to the scope of the guideline.
Dr Iain MacLeod	Radiologist	Direct financial interest	Employed as consultant radiologist, Nottingham University Hospitals NHS Trust	Sept 2018	12/10/23	Ongoing	Declare and participate. Rationale: Salaried employment in the NHS.

Dr Iain MacLeod	Radiologist	Direct financial interest	Registration, travel and accommodation funded by GE Healthcare to speak as a panel member at a session at the Radiological Society of North America annual meeting	26/11/23	12/10/23	30/11/23	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Dr Kay Morgan	AHP	Direct financial interest	Paid employment for Primary Care Physio as a Lead First Contact Practitioner/ Advanced Physiotherapist. Working clinically in GP practices in Stalybridge Dukinfield and Mossley Primary Care Network. This role involves screening, investigation and management of patients with osteoporosis as well as education on preventative measures and staff training on the subject.	Oct 2021	02/02/23	18/10/23	Declare and participate. Rationale: Salaried employment in the NHS.
Dr Kay Morgan	AHP	Direct financial interest	Advanced clinical practitioner at Stalybridge Dukinfield and Mossley Primary Care Network.	19/10/23	06/10/23	03/05/24	Declare and participate. Rationale: Salaried employment in the NHS.
Dr Kay Morgan	AHP	Direct financial interest	Full-time employment Advanced Clinical Practitioner Manchester University NHS Foundation Trust – Community	06/05/24	10/05/24		Declare and participate. Rationale: Salaried

			Hospital at Home/ Crisis Response				employment in the NHS.
Dr Kay Morgan	AHP	Direct financial interest	Part time work (1 or 2 Saturdays per month) Advanced Clinical Practitioner Hyde Primary Care Network	April 2024	10/05/24		Declare and participate. Rationale: Salaried employment in the NHS.
Dr Kay Morgan	AHP	Direct financial interest	Greater Manchester Federation – Teaching role paid on frailty. Providing frailty teaching to care home nurses and nursing associates.	March 2024	10/05/24		Declare and participate. Rationale: This is a financial interest but teaching about frailty is non-specific to the scope of the guideline.
Dr Rachel Muir	Physician for Elderly	Direct financial interest	Employed as Specialty Doctor by NHS Tayside as part of the Orthogeriatric Liaison Service	2017	On app	Ongoing	Declare and participate. Rationale: Salaried employment in the NHS.
Dr Rachel Muir	Physician for Elderly	Direct, non-financial professional	Co-author of local NHS osteoporosis guidelines	2019	On app	Ongoing	Declare and participate. Rationale: Interest is non-

		and personal interests					specific to the scope of the guideline.
Nicholas Pipkin	Lay member		nil				
Prof Stuart Ralston	Medical Practitioner – Bone Density	Direct financial interest	Professor of Rheumatology, University of Edinburgh, UK	2005	On app	Ongoing	Declare and participate. Rationale: Salaried employment in higher education.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Direct financial interest	Honorary Consultant Rheumatologist, NHS Lothian Clinical Lead Osteoporosis service NHS Lothian	2005	On app	Ongoing	Declare and participate. Rationale: Salaried employment in the NHS.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Direct financial interest	Clinical Director of Rheumatology NHS Lothian.	2012	On app	Ongoing	Declare and participate. Rationale: Salaried employment in the NHS.

Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect, financial interest	Chair of SIGN 142 guideline on osteoporosis	2013	On app	2015	Declare and participate. Rationale: guidance developed in accordance with international criteria.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect, financial interest	Chair of SIGN 142 guideline on osteoporosis update	2019	On app	2020	Declare and participate. Rationale: guidance developed in accordance with international criteria.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect, financial interest	Donation to institution of Teriparatide as IMP for clinical trial in osteogenesis imperfecta. Eli Lilly. The donation was specifically for the clinical trial. I am chief investigation on the trial as well as local PI. Expected to end date 30 th of April 2025. The donation will cease in Nov 2024 when the treatment phase completes.	Jul 2018	On app	Ongoing	Declare and participate. Rationale: Drug donated to institution as part of a clinical trial only. There is no direct financial gain to the member.

Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect financial interest	Payment to Institution for lectures relating to the management of severe osteoporosis (UCB/ Amgen). The lecture content was general relating to my own experience but also drawing on findings from clinical trials and SIGN 142 guidelines.	Sept 2021	On app	Sept 2022	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Direct, non-financial professional and personal interests	Payment to institution for recruitment into clinical trial and registry study for hypophosphataemic rickets (Kyowa Kirin)	Oct 2016	On app	Ongoing	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Direct, non-financial professional and personal interests	Chairman of the Paget's Association (a charity focused on Paget's disease of bone)	Sept 2018	On app	Ongoing	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect, financial interest	Payment to institution from Kyowa Kirin for lecture and consultancy on the management or hypophosphataemic rickets.	Apr 2022	26/4/23	April 2023	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.

Prof Stuart Ralston	Medical Practitioner – Bone Density	Indirect financial interest	Donation of zoledronic acid to institution as IMP for clinical trial in Paget's disease of bone.	Dec 2008	26/4/23	May 2023	Declare and participate. Rationale: Interest is non-specific to the scope of the guideline.
